**WARNINGS: Improper use or failure to heed warnings may result in serious injury or death.** Our products are tested to meet the standards of the American National Standards Institute (ANSI) and other applicable standards. All warning statements, operating instructions and industry standards should be compiled with at all times. Please read any and all warning statements attached to or associated with any Jackson Safety product prior to use. Failure to use only Jackson Safety designed, produced and tested components, attachments and replacement parts can adversely affect product performance resulting in serious injury. Installing generic parts or components voids all standards compliances, all guarantees and warranties and makes the installer solely liable for the consequences.
